

Mukul Gupta

AI AUTOMATION ENGINEER · GENAI DEVELOPER · WEB DEVELOPER

Delhi, India · +91 8448989323

mukulwork1@gmail.com

github.com/mukulcodezz

mukulportfolio-rho.vercel.app

linkedin.com/in/mukul-gupta-430724413

Hands-on AI builder and B.Tech student who ships **production systems** — autonomous agents, automation pipelines, and developer tooling built on Claude, the Anthropic SDK, and modern AI frameworks. Shipped a multi-feature WhatsApp AI agent, an MCP server that turns plain-English specs into Solana smart-contract code, and live products for real clients. **Hackathon winner** focused on turning LLM capability into reliable, deployed tools.

CORE SKILLS

AGENTIC AI & LLMS

AI Agent Development · Multi-agent Orchestration · LLM Development · Generative AI · Reasoning (AI) · Summarisation (AI) · User Guidance (AI) · Conversational Intelligence · Context Memory Management · Persona Design · Interactive Character Flows

RAG & RETRIEVAL

RAG Pipelines · Intelligent Information Retrieval · Vector Databases · Pinecone · Qdrant

VISION & MULTIMODAL

Vision Systems · Image Analysis · Multimodal Insights · Text-to-Image Generation · Image-to-Insights Generation · Moodboard Generation · Generative Visual Workflows

FRAMEWORKS & ENG.

LangChain · LangGraph · Modern AI Frameworks · Automated Workflows · Web Application Integration (AI) · FastAPI · Node.js

LANGUAGES

Python · JavaScript · TypeScript · Rust · C · HTML / CSS

PLATFORMS & TOOLS

Claude / Anthropic SDK · OpenAI · Gemini · MCP · n8n · Make.com · Supabase · WhatsApp Cloud API · REST APIs · Git · Vercel

SELECTED PROJECTS

Gym AI Agent

[Node.js](#) · [TypeScript](#) · [Anthropic SDK](#)

End-to-end WhatsApp platform for gym front-desk operations — lead qualification, trial booking, renewal reminders, QR-based attendance, and automated win-back campaigns.

[Anthropic SDK](#) · [Supabase](#) · [WhatsApp Cloud API](#) · [AI Agents](#) · [Prompt Engineering](#)

Anchor Scaffold MCP

[MCP Server](#) + [CLI](#)

MCP server and CLI that converts IDLs or plain-English descriptions into production-ready Solana Anchor code — Rust contracts, TypeScript clients, account structures, and test suites.

[MCP](#) · [Rust](#) · [TypeScript](#) · [Solana](#) · [Anthropic SDK](#)

LinkedIn Outreach Skill

github.com/mukulcodezz/linkedin-outreach-skill

Claude-powered framework that turns LinkedIn profile screenshots into personalized outreach strategies with prospect insights and lead-scoring recommendations.

[Claude API](#) · [Vision / Image Analysis](#) · [Prompt Engineering](#)

Interactive 3D Portfolio

mukulportfolio-rho.vercel.app

Modern portfolio with interactive 3D scenes, Framer Motion transitions, and a responsive, extensible project showcase.

[React](#) · [Three.js](#) · [Framer Motion](#) · [Vercel](#)

EXPERIENCE

AI Automation Engineer & Web Developer · [Shalom Tours & Travels](#)

Delhi, India

- Designed and shipped the company's production website with responsive design, SEO-focused architecture, and analytics tracking — github.com/mukulcodezz/travel-web.
- Built lead-generation, inquiry-capture, and automation workflows that streamlined customer acquisition and reduced manual operations.

Web Developer & Social Media Manager · [On Chain Buccaneers](#)

Web3 / NFT · 3-month engagement

- Built the full website for a Web3 / NFT platform from scratch and managed the social presence to support community growth.

Freelance Web Developer · [International Clients](#)

Contract

- Delivered business-focused websites for an Italy-based organization under private contract with strict confidentiality requirements.

ACHIEVEMENTS

- College Hackathon Winner** — built an AI-powered WhatsApp Attendance Bot that automated attendance tracking and reporting.
- Shipped production websites and automation systems for real clients while pursuing B.Tech · 460+ contributions on GitHub · participated in 3 hackathons.

EDUCATION

Bachelor of Technology (B.Tech)

ITS Engineering College, AKTU — Delhi
3rd Semester · Expected 2029

CERTIFICATIONS

Python Fundamentals

Generative AI & LLM Applications

[Claude API](#) · [Gemini](#) · [Prompt Engineering](#) · [AI Agents](#) · [MCP](#) · [Workflow Automation](#)
